Logitech Flow requires a compatible mouse and at least two computers that can connect to each other over a local area network

PRODUCT OVERVIEW

- 1 Scroll wheel button and tilt buttons
 - 2 Easy-Switch™ button
 - 3 Channel and battery indicator
 - 4 Forward button
 - 5 Back button
 - 6 On/Off slider
 - 7 Battery and Unifying receiver storage*
- * Unifying receiver inside

CONNECT

Bluetooth wireless technology

In case you have limited USB slots, you can connect your M585 or M590 Silent mouse to your computer using *Bluetooth*. For compatibility requirements, please refer to system requirements

www.logitech.com/options

2 Remove pull tab or make sure your mouse is ON

3 Short press Easy-Switch button to select desired channel

4 Long press Easy-Switch button to enter pairing mode

5 Find your M585/M90 mouse on the list of *Bluetooth* devices and connect

Logitech M585/M590 Silent can connect to one computer on the two provided channels using *Bluetooth*.

Unifying USB receiver

One tiny receiver for up to six Unifying devices. Plug it and leave it, then connect additional mice and keyboards to one computer.

First time out of the box

www.logitech.com/options

- 1 Download Logitech Options, click Add Devices, and select Add Unifying Device

- 2 Remove pull tab or make sure your mouse is on and extract Unifying receiver from battery hatch

1 sec.

- 3 Short press Easy-Switch button to select desired channel

3 sec.

- 4 Long press Easy-Switch button to enter pairing mode

- 5 Insert Unifying USB receiver

Repair with an existing Unifying receiver

www.logitech.com/unifying

- 1 Download Logitech Unifying Software

- 2 Make sure your mouse is On

1 sec.

- 3 Short press Easy-Switch button to select desired channel

3 sec.

- 4 Long press Easy-Switch button to enter pairing mode

- 5 Open Unifying software and follow onscreen instructions

Connecting to 2 systems

www.logitech.com/options

- 1 Download Logitech Options on both systems

3 sec.

- 2 Make sure your mouse is On

3 sec.

- 3 Long press Easy-Switch button to enter pairing mode

- 4 Connect to your first computer via either Unifying USB receiver or Bluetooth

1 sec.

- 5 Short press Easy-Switch button to switch to next channel

3 sec.

- 6 Long press Easy-Switch button to enter pairing mode

- 7 Connect to your second computer via Unifying USB receiver or Bluetooth

ENABLE FLOW

- 8 Enable FLOW through Logitech Options or press Easy-Switch button to switch between devices

Logitech M585/590 Silent can connect to up to two computers with either Bluetooth or Logitech Unifying receiver. One receiver is included in the box.

* Récepteur Unifying à l'intérieur

CONNEXION

Technologie *Bluetooth* sans fil

Si vos ports USB sont limités, vous pouvez connecter votre souris silencieuse M585 ou M590 à votre ordinateur via *Bluetooth*. Pour la compatibilité, veuillez vous reporter à la configuration requise

www.logitech.com/options

- 1 Téléchargez le logiciel Logitech Options, cliquez sur Ajouter des dispositifs, puis sélectionnez Ajouter un dispositif *Bluetooth*

- 2 Retirez la languette ou vérifiez que votre souris est ALLUMÉE

- 3 Appuyez brièvement sur le bouton Easy-Switch pour sélectionner le canal souhaité

- 4 Appuyez longuement sur le bouton Easy-Switch pour passer en mode couplage

- 5 Trouvez votre souris M585/M90 dans la liste des dispositifs *Bluetooth* et connectez-vous

La souris silencieuse Logitech M585/M590 peut se connecter à un ordinateur sur l'un des deux canaux fournis via *Bluetooth*.

Récepteur USB Unifying

Un récepteur ultracompact prenant en charge jusqu'à six dispositifs Unifying.
Branchez-le et connectez ensuite des souris et claviers supplémentaires à un même ordinateur.

Première utilisation

www.logitech.com/options

- 1 Téléchargez le logiciel Logitech Options, cliquez sur Ajouter des dispositifs, puis sélectionnez Ajouter un dispositif Unifying

- 2 Retirez la languette ou vérifiez que votre souris est allumée, puis extrayez le récepteur Unifying du compartiment de la batterie

3 sec.

- 3 Appuyez brièvement sur le bouton Easy-Switch pour sélectionner le canal souhaité

3 sec.

- 4 Appuyez longuement sur le bouton Easy-Switch pour passer en mode couplage

- 5 Insérez le récepteur USB Unifying

Couplez à nouveau avec un récepteur Unifying existant

www.logitech.com/unifying

- 1 Téléchargez le logiciel Logitech Unifying

- 2 Vérifiez que votre souris est allumée

3 sec.

- 3 Appuyez brièvement sur le bouton Easy-Switch pour sélectionner le canal souhaité

3 sec.

- 4 Appuyez longuement sur le bouton Easy-Switch pour passer en mode couplage

- 5 Ouvrez le logiciel Unifying, puis suivez les instructions affichées à l'écran

Connexion à 2 systèmes

www.logitech.com/options

- 1 Téléchargez Logitech Options sur les deux systèmes

3 sec.

- 2 Vérifiez que votre souris est allumée

3 sec.

- 3 Appuyez longuement sur le bouton Easy-Switch pour passer en mode couplage

- 4 Connectez-vous à votre premier ordinateur soit via le récepteur Unifying USB soit via *Bluetooth*

1 sec.

- 5 Appuyez brièvement sur le bouton Easy-Switch pour passer au canal suivant

3 sec.

- 6 Appuyez longuement sur le bouton Easy-Switch pour passer en mode couplage

- 7 Connectez-vous à votre deuxième ordinateur via le récepteur Unifying USB soit via *Bluetooth*

ENABLE FLOW

- 8 Activez FLOW via Logitech Options ou appuyez sur le bouton Easy-Switch pour passer d'un dispositif à l'autre

La souris silencieuse M585/590 peut se connecter à un maximum de deux ordinateurs soit via *Bluetooth* soit via le récepteur Unifying de Logitech. Un récepteur est fourni dans la boîte.
